THE RAYMOND LION

The last meeting of the year was held on Monday night. This finishes the fiscal year and the work of the present executive. Next month, and next meeting, the new president, Arlidge Hill and his staff will be in charge and continue to run the Lions show for a year. Past-president Golden Snow officiated at a very impressive Installation Ceremony for the new officers. He called each in turn and gave him his charge of duty and responsibility. The climax was the acceptance of the officers by the whole club and the Officer's Pledge.

The chairman of the Attendance Committee presented fifteen faithful members with their one hundred per cent attendance buttons for the 1950-51 season's activities. The list included Lyle Bigelow, Reg Cooper, Jack Evans, Leon Harker, Cal Hill, James Hironaka, Tucker Hironaka, Heide Karaki, Melvin King, Paul Moreland, Deb Thompson, Herbe, Karl and Will Wilde, and Rayo Woolf.

Mrs. Lyle Bigelow visited the Club, and after dinner, sang two beautiful selections for our pleasure. The president then presented Lyle and Velma with a little token of esteem and congratulation as a new family in our club.

Cal Hill gave his swan-song as Lion Tamer by leading us through all five verses of "Home on the Range". Cal has added a lot of fun to the program this winter and the boys will miss his sparkle. However, we can get it all again because he is now Tall Twister. Talk back now if you feel it may be healthy.

The President expressed personal appreciation, as well as that of the Club, for the work of the Secretary and then presented him with a handsome chair to prove they meant it.

M. T. King, the Lions auditor, then read the Financial Report for the year. This showed twenty-five hundred dollars worth of business done during the year. Rayo gave a summary of the year's activities of the Lions Club to account for the money handled.

Heide Karaki, Chairman of the Boys and Girls Committee, gave a report on the progress of the Playground Project. They have been welding for several nights and are now ready for some common-labor help for installation. A special work bee was called for Tuesday to get the equipment set. Well, it rained and we did not get the work done — come again some other day and work your head off.

The Grounds Committee for the Stampede is still waiting for more help. Everybody interested in Stampede should come out and help get the thing rolling. The Lions can't do this alone — the rest of you come and help too. Everybody bring a shovel and a friend. The Playground Committee is so busy that we had to get a new float gang. Arlidge Hill, Dee Rolfsen and Jack Jones will organize the best Lions Float ever put in a parade. We need ideas and help from some of the Lions on this deal.

Doug Paxman says the Calf Club Committee made their last round of inspection last week and are now ready for the big show in Lethbridge next week. If you want to see what Raymond calves and Raymond's youthful feeders can do go in and see this show and sale. The Calf Club members will go in for three days and they are taken care of by the Fair Committee for the entire period. Meals, beds, entertainment and all is provided free for the members. This is wonderful development for our young citizens and deserves more of our interest and support. The kids are receiving some expert training and are doing a very excellent job. Come and see!

Mr. and Mrs. Redge Cooper had as their guests on Sunday Mr. and Mrs. Will Cooper and son Jim of Cardston.

Golden Anniversary

Mahonri Young, son of Brigham Young, when he began his famous "This is The Place" Monument, said "A country which forgets its past will never have a future worth remembering".

Do You Remember?

Raymond's first Dominion Day celebration held July 1st, 1902, in the general location of Mrs. Lottie Knight's residence? Green prairies then, crowds of folks in holiday mood?

Remember Loss Lund riding the bronk bareback, no bridle, no halter, no nothin'? A new and marvellous daredevil stunt to many; the forerunner of the famous stampedes of later years

Then there was Neph McLean and Olaf W. Asplund turning the broom-handle? Unable to decide the championship, Will Knight stepped up and turned one, then the other, then both together and the "Hurrah for Will"?

And the foot races down between 2 lines of cheering people with their jokes and good-natured banter? O yes! Remember the needle race? The runners — Clara Selman, Gerlie Rolfsen, Mable Stark, Aunt Louise Johnson and Annie Gibb? And the needle threaders — Orton J. Rolfsen, Eph Hicks, Frank Gibb, Uncle Aaron Johnson and Tom Mendenhall? Annie won the race and Mrs. Johnson presented her with her needle made of a broomstick.

Remember the fireworks? A vivid flash of lightning plainly seen between the lines of people.

And the kids and the dogs in the background rolling and tumbling, a medley of fun and good nature.

And do you remember Chris Tollestrup, a young stripling in his early twenties, holding his young wife by the hand, standing in the line with a good-natured smile and a twinkle in his eye?

Mrs. E. L. Spackman entertained a few friends Saturday evening at a Farewell surprise party for Mrs. Leona Knight. Mrs. Knight plans to spend the summer in Waterton and then move to Calgary this fall.

Two lovely little lamps were presented to the guest of honor.

A dainty lunch was served by the hostess.

Former Resident Honored

Stewart Madill, son of Dr. J. S. Madill of Vancouver, formerly of Raymond, may spend his 17 birthday having dinner with Prime Minister St. Laurent.

The blond-haired scholar and athlete has been chosen to fly to Ottawa Sunday to spend a week in the capitol, with all expenses paid by Art Laing, Liberal MP for Vancouver South, and one feature of the trip is dinner with the prime minister and BC MP's and cabinet ministers.

Besides the plane ticket, Stewart was presented with fifty dollars to cover initial expense.

Arnold Webster, principal of Magee High School displayed Stewart's latest report card—the grade 11 student's mark was a "B".

Under prompting, Stewart admitted he played basketball and English rugby. A week after his return from Ottawa he will represent Magee in the inter-high track meet, running in the 100-yard dash, 220 spring, relay and broad jump.

He skipped the Magee curling team to the Vancouver high school title and into the BC finals at Trail this year. He is sports representative on the student council.

Weekends he works in a service station.

"He was chosen by the faculty on the basis of scholarship, good citizenship, sports ability and extra-curricular activities," Mr. Webster said.

PUBLIC NOTICE

By the Board of Trustees of The Raymond School District No. 700, of the Province of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of The Raymond School District, No. 700, of the Province of Alberta, that the sum of 175,000 dollars should be borrowed on the security of the said District by the issue of Debentures repayable to the bearer in twenty consecutive annual instalments with interest at the rate of not more than six per centum per annum for the following purposes, namely:

Purchase Raymond Opera House to be used as School Gymnasium and erecting new Classroom Building which shall be tied on to present Raymond Opera House.

THEREFORE, notice is hereby given by the said School District that unless a poll of the proprietary electors of the said School District for and against the said debenture loan is demanded as provided by the School Act, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

J. G. Snow,
Chairman

Dated at Raymond, this 18th day of June, 1951.

INSTRUCTIONS TO PROPRIETARY ELECTORS IN A SCHOOL DISTRICT

(1) A poll of the proprietary electors for and against the by-law may be demanded within fifteen days after the date of the posting of the last publication of this notice, by a demand in writing signed by five per cent of the proprietary electors of the school district; except that in a district situated wholly or in part within boundaries of a city, the demand shall be signed by one hundred proprietary electors.

(1a) Notwithstanding the provisions of subsection (1) no poll shall be demanded if the amount to be borrowed is for the purpose of providing a first schoolhouse for the district and does not exceed two thousand dollars; or is for the purpose of erecting a first schoolhouse for a consolidated district and does not exceed five thousand dollars.

Every demand for a poll should be delivered to the Secretary of the District, or in his absence, to the Chairman of the Board of Trustees, within fifteen days from the date of posting this notice. A certified copy of the demand should be forthwith forwarded to the Board of Public Utility Commissioners of Alberta, at Edmonton.

Proprietary Elector means any elector, other than a tenant, who is liable to assessment and taxation for school purposes in respect of any property situated in a School District.

A Note From Mrs. King

Dear Readers of the Recorder:

The good news has been received first hand that our first bishop and one of the founders, J. W. Knight and his good wife, Jennie B., are definitely coming to our Golden Jubilee Celebration.

In Wm. Knight's letter to me he said "We wish to thank you for your invitation to attend the Fiftieth year celebration, and we expect to be there to renew our association with all our old friends."

Mr. Knight is the only one remaining of the Knight Founders of Raymond. Let us rejoice that they will be with us and let us give them a hearty welcome.

More About The School Building Program

The ratepayers of the Raymond School District voted almost unanimously to allow the School Board to proceed with borrowing the necessary funds to build a new High School and standard auditorium.

Before the plans for this building were finalized the Board was offered the Raymond Opera House for \$40,000. It seemed too good a proposition to pass by. The Opera House was appraised by our architect; the Department of Education and the Board of Public Utility Commissioners were contacted and all agreed that the deal should be considered.

New plans were drawn for a tie-in of classrooms on the west side of the Opera House, details of which are now being worked out. This arrangement will give us one more classroom than the previous plan and we will have full-time access to a gymnasium ample for our activities. The Board feels that at least \$50,000 can be saved for our ratepayers under the present building program.

The ladies of the Raymond Music Club met recently at the home of Ruby Holland. The ambitious group spent the evening making flowers to trim a float for the Golden Jubilee parade.

A lovely lunch was served by Ruby Holland and Joyce Harker.

Jimmy Ackroyd celebrated his 6th birthday Friday afternoon when 12 little boys were his guests at a party. Lunch and games were enjoyed very much.

RAAA Hold 5th Annual Track and Field Meet

Bright sunny weather and the congregating of some of Southern Alberta's best athletes and the capable manner in which the meet was run was responsible for the success of the R. A. A.'s Fifth Annual Track and Field Meet held at the Town Park on Saturday, June 16th.

Because of the one week postponement on account of rain, the entry list was shortened but enough competitors showed to make the day an interesting one in the sports history of the Athletic Association.

One new record was established and several present records were threatened.

Local athletes to enter the winners or circle were:

Doran Flexhaug, who won the men's Senior Aggregate Trophy by winning the 100 yard dash, the broad jump, the 220 yard dash, the 12 pound shot put, the hop-step-jump, the discus throw and the 120 yard low hurdles.

Reed Hicken won the Senior Men's High Jump and the pole vault.

Pete Witbeck won the 440 yard and the 880 yard races.

Allan Tollestrup won the 440 and the 880, the javelin throw and the 120 yard low hurdles and the high jump to win the Boy's Under 19 Aggregate Trophy.

Jack Dahl won the pole vault in his age class.

Delynn Hirsche won the 100 yard dash and Randall Meeks won the 120 yard low hurdles.

David Galbraith set what might be a new record when he won the Boys Under 14 high jump by going over at 4 feet, 7 1/2 inches.

Dorothy Stone's softball throw of 137 feet may also be a Provincial Record.

Seiga Tadakora set the only established new record of the day when he through the javelin 152 feet and 1/4 inch in the Men's Open Class.

T.B. Can Kill You

What do you know about Tuberculosis? Here are a few questions that people ask about this disease.

1. What causes Tuberculosis?
2. Can a person have T.B. without a cough?
3. At what stage is T.B. most curable?
4. Is Tuberculosis hereditary?

1. Tuberculosis is caused by the tubercle bacillus. If there none of these germs in your body it is impossible to contract the disease, no matter what other ills a person may have or how run-down the body may be. However, if the body's defences are weakened by poor nutrition or other diseases, the T.B. germ will have a rather easy time to gain a foothold and keep it.

2. Yes, a person may have T.B. without coughing. T. B. has many symptoms, the most common being: coughing, tiredness, losing weight, and others — but you may have the disease without any one of these being noticed.

3. The earlier T.B. is apprehended and treated the easier it is to cure it. People have been cured in all stages but the percentage is higher the earlier it is found. If the disease is treated before any of these symptoms appear it is over 90% accurate in cure and in a short time.

4. No! No! T.B. is not hereditary. It is infectious or "catching" so that when one member of a family brings it in the house the chances of the other members escaping it are very poor. Before the germ was identified with T.B. it was generally believed that children got it from their parents and died without any chance of doing anything about it. Actually the child had been infected by contact with some sick relative.

Now you say how can it be possible to know that we have T.B. and treat it before any symptoms appear. Very simple. Have an X-Ray taken of your chest periodically. Any attack of the germ will show up in the picture long before you really feel any affects. You can find these little killers and beat them before any real harm is done to your body.

The X-Ray machine will be in Raymond during the last two weeks in July to give you this splendid service absolutely free of charge. All you have to do is take thirty seconds of your summer vacation and photograph the T.B. killer — if he is there.

W. I. Hear Report On Conference

The W. I. was held June 8th at the home of Mrs. Clara Rolfsen. After singing "Home On The Range" Roll Call was answered by handing in an article for the bazaar which is to be held next fall.

Arrangements were made to attend the Convention at Coultas on July 8.

A committee was appointed to decorate a float for the Dominion Day Parade.

Mrs. Swedish gave a paper on 'Home Economics' and 'Nutrition in Illness'.

Mrs. Lucile Paxman, the delegate to the W. I. Convention held during May in Edmonton, gave an interesting report of the Convention.

The Secretary Mrs. Kitchen was to send a donation of \$5.00 to the Cancer fund; \$5.00 to the Federal W. I. and \$5.00 to the Alberta W. I.

Two birthday presents were auctioned off. After the meeting adjourned a delicious lunch was served by the hostesses Mrs. Clara Rolfsen and Mrs. June Allred.

Good weather, good company and trouble-free driving was the recipe for a wonderful holiday for the Lee Brewertons and the Myron Holmes when they went to Atlantic City, New Jersey to attend the Rotary Convention. Among the many interesting things they saw and did were:

The stage show "Kiss Me Kate" and "South Pacific"; the Ike Williams-Jimmy Carter championship fight; Florence Eldridge and Fredrick March (Mr. and Mrs. M.) in "The Magic Garden"; sightseeing trips all over New York during their six and a half day stop there; paid a visit to the Statue of Liberty; attended all sessions of the Convention; stayed at one of the 1000 hotels in a city of 75,000 residents; heard the Philadelphia Philharmonic and the Sigmund Romberg orchestra; had a ride in the wheel chairs on the fabulous boardwalk that stretches for nine miles between the Atlantic Ocean and glittering shops; visited the Capitol buildings, Senate and House of Representatives, the Washington, Lincoln and Jefferson Monuments in Washington D. C.; travelled 6,078 miles without a bit of car trouble.

Mr. and Mrs. Holmes left the Brewertons in Toledo, Ohio, to go to Guelph, Ontario, where Myron attended an alumni celebration at the Agricultural College. They also stopped in Windsor to pick up a new DeSoto.

The travellers say it was a wonderful trip that they will long remember.

Mrs. Maurice Cooper was host to the Wednesday Night Club at the home of her mother Mrs. Clara Nelson. Myrtle Bacon copped high score in Rook and Anne Larsen took low. A very tasty lunch was served by the hostess.

School Building Program

(Continued from page 1)
Now to comply with the regulations of the School Act the notice, on the front page of the present Recorder is published to inform the proprietary electors of the Board's intentions in this matter.

It was evident that many who signed the petition asking for a vote on the previous debenture borrowing thought they were being helpful to the Board and the school building program. Such was not the case. The Board respectfully requests that if you sign a petition for a vote on the newly proposed debentures do so only after careful consideration. If there are any questions pertaining to the school building set-up please feel free to ask any member of the School Board who will gladly answer them for you.

NOBLE MODEL M

Outstanding Performance
IN CHANGING SOIL-CONDITIONS

Designed to handle ALL SOIL CONDITIONS easily. Noble Cultivator attachments can be supplied for any soil condition. No cultivator without attachments can suit all conditions. Even where a plow will not penetrate, as for after-harvest work in certain dry baked soils, the Noble straight blade attachment will usually penetrate and work satisfactorily.

For weeding and second stroke summerfallow work the weeder blade is readily interchangeable, going on the same way as the regular shovel blade. This weeder assures a better weed kill than the ordinary blade and should be used wherever the ground is sufficiently loose that it will penetrate. It clears through, penetrates and withstands rocks where the ordinary rod weeder will not.

The Model M shown above is very popular for use with Noble quadron hitches, from two to seven in a unit, for large power.

Write for information, stating your soil type and tractor power.

Fifteen years' experience under all field conditions is behind this cultivator. We welcome comparison in field tests with any other tillage equipment.

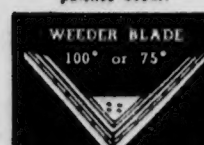

For better penetration in extremely hard ground. For extra deep work.

Best for reasonably firm soils and most ordinary conditions.

For sandy soils and very loose-textured black soils, particularly where grassy patches occur.

For all weeding and summerfallow work after the ground has first been loosened by the regular blade. Fits on the same way as the regular blade.

NOBLE CULTIVATORS

Ladies suit lengths in new diagonals and stripes. Just arrived. King Bros.

Some men are not satisfied with courting trouble; they go ahead and marry.

Tenny Bros. of Lethbridge report 47 bushels of wheat to the acre. Next Edmonton Bulletin

That "next" sounds as though the Bulletin was doubtful whether 47 bushels to the acre could be beaten. Well Raymond can beat it for there are cases of 55 and 60 bushels to the acre in this district, but yields like this are common in the Raymond district.

Miss Lucia Scoville and Edna Kenny left on Tuesday for Utah where they will attend school.

Any one wanting to buy a ten acre beet lot. Apply Grant Young

The Layton crowd has returned after painting the town for four weeks. Several cases of insomnia have been reported.

A party of boys and girls, taking luncheon and empty stomachs, piled into King Bros. delivery rig and drove to Factory Lake where they sailed in Mr. Owen's new sail-boat. Wallace Cowley was at the wheel he is a specialist in this line of sport.

Miss Alice Eames, Miss Maud McMullen, Thomas Ott and Wesley McMullen all went out on the ridge for a few days duck hunting. They report a splendid time and plenty of ducks.

Mr. B. S. Young drove to Lethbridge Tuesday. Real estate is better now.

Raymond Chronicle, July 20, 1904

R. O. Matheson, Editor

Miss Middlemiss and Miss Scott, of last term's teaching staff here have been engaged for the Lethbridge School.

Among the new arrivals from Salt Lake City, is L. Cannon who has purchased the town property of L. H. Holbrook.

Mrs. Wm. Harris and Vina Nalder of Layton Utah have arrived in Raymond.

The first kiln of the brick yard was burned this week, the product being of excellent quality and pleasing color. This kiln has all been sold and the advance orders going in for brick from the next kiln is gratifying to the makers.

The Chronicle congratulates Miss Anna Clark and Willis K. Johnston who were married recently.

Mesdames Jennie B. Knight, Elizabeth Porter and Dora Jacobs, Stake presidency of the Taylor Stake YLMIA were in Stirling last Tuesday and visited the Young Ladies's meeting.

Fairbank's new Photograph Studio is now ready for business between King Bros. and J. O. Chance stores.
